

African Institutions & Internet Governance (Af*)

AFRINIC 16

Serekunda, The Gambia | 12-18 May 2012

Af*

- To show slides used to define Af* at Cotonou Internet Governance meeting on december 1998 (exactly as presented)
- comments on progress after

Emerging African Internet Institutions

Quaynor@ghana.com

15, December 1998

African Internet institutions

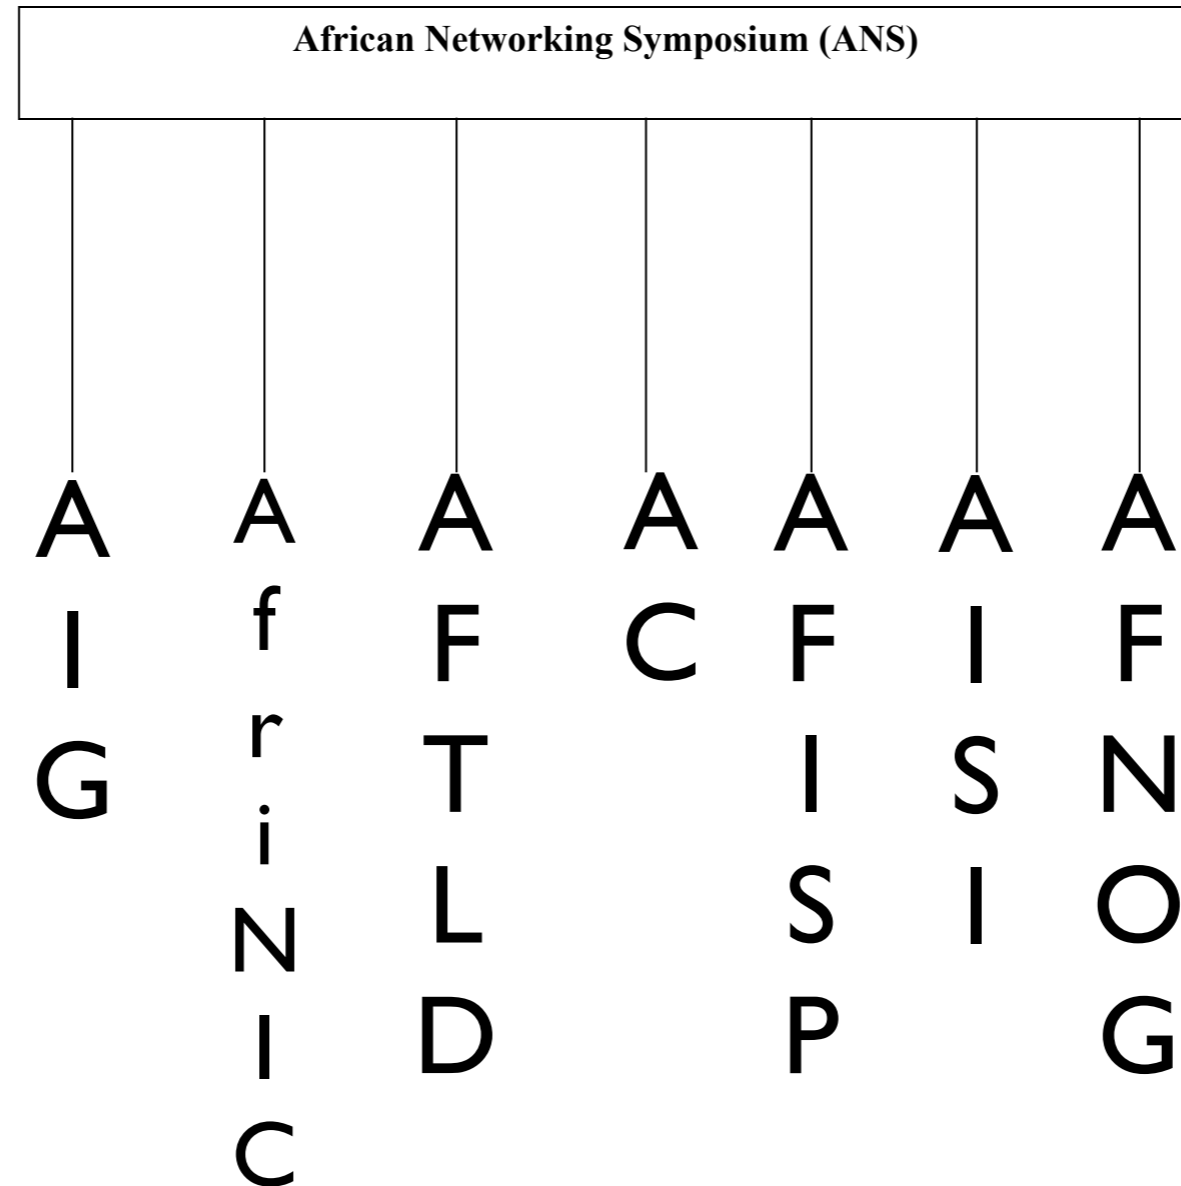

- Gets Africans focused on Building Knowledge Centers
- Creates Avenues for all Africans to Contribute
- Harnesses The African Potential
- Establishes The Lobby Channels
- Becomes Repository of Our History
- Its Our Identity

African Networking Symposium

- Description: Meeting Forum
- Membership: African Institutions
- Funding: ISOC Conferences
- Coordinator:

Nii Quaynor <quaynor@ghana.com>

ANS Structure

African Internet Group - AIG

- Description: Interest Group and General
- Membership: ISOC Workshop alumni, ISOC Conference attendees
- Funding: ISOC largely (piggy-back)
- Coordinators:

Shem Ochuodo <shem@arcc.or.ke>,

Pierre Dandjinou <sdnpaf@intnet.bj>

African Network Information Center - AfrINIC

- Description: Regional Address Registry
- Membership: Companies and ISPs
- Funding: Registry Services
- Coordinator:

Alan Barrett <apb@iafrica.com>

African TLD Administrators -AFTLD

- Description: Regional member of wwTLD
- Membership: African ccTLD Administrators
- Funding: Domain Registrations
- Coordinator:

Nii Quaynor <quaynor@ghana.com>

African ISOC Chapters - AC

- Description: Representatives of African ISOC Chapters
- Membership: Chapters
- Funding: membership dues
- Coordinator:

Tarek Kamel <tkamel@idsc.gov.eg>

African ISPs - AFISP

- Description: Internet Service Providers
- Membership: ISPs
- Funding: Membership Fees
- Coordinator:

Bessie Saidi <bessie@malawi.net>

African Network Operators Group - AFNOG

- Description: Operators Groups
- Membership: ccTLDs, ISPs, CIXs, Operators, Companies
- Funding: Membership dues + fees
- Coordinator:

Charles Musisi <cmusisi@uol.co.ug>

African Information Society Initiative

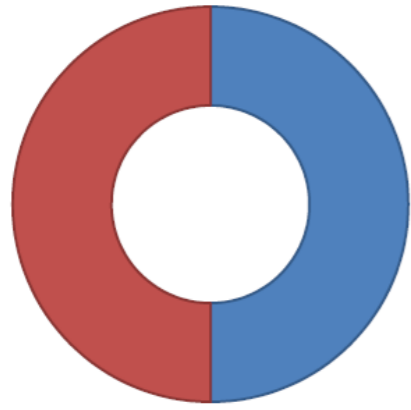

- Description: Developing Information Society
- Membership: Governments
- Funding: UN ECA
- Coordinator:

Makane Faye <faye@un.org>

Others

- Academic & Research
- Internet Exchange
- Commercial Groups including Content

Comments

- *, borrowed from Kleene * in computer science meaning "zero or more"
- Af stands for African technical institution
- ANS --> Af*
- AIG --> AfrICANN
- AfISP ~ = AfrISPA --> Telco, Registrars, AfricaWeb, Business

Organization of Af*

- Types of institution: legal entities, under umbrella, mailing lists
- Structure: direct management, coordinate, moderated
- Actions: service, train/capacity building, community building, resource management...

Section of Ecosystem	African Internet Institutions		
	Conceived in 1998	Currently Active	Emerging
Numbers	AfriNIC	AfriNIC

Registrar	AfRegistrar
Research	AfREN=Ubuntunet+Wacren+Asren
Content	AfricaWeb, AfRegistrar
Registry	DotAfrica Initiative

INTERNET ECOSYSTEM & African Internet Institutions

Final Comments

- Emerging Af*
 - AfricaWeb, AfIGF, AfPKI,.....!
- Af* is an African initiative; the envy of other regions; it took decades to establish; more being formed
- We have to consolidate and protect them; there may be no digital economy without these African institutions Af*

Thanks
